

OUR BENEFITS

The benefits of our "Fast-Track" Management Degrees are as easy as 1-2-3. Here they are:

1. You can earn a valuable management AA, BA, or MBA degree faster with us.
2. You can earn it more cost-effectively with us.
3. And, you can earn it from highly experienced professors with us.

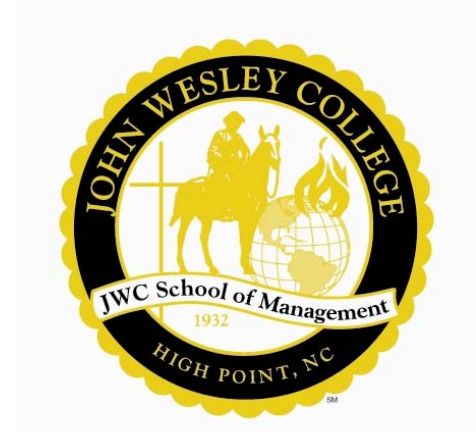

Our "Fast-Track" (accelerated) degrees are for busy working adults who need a high-quality AA, BA, or MBA management degree in spite of their busy schedules. Our AA and BA classes only meet one night a week, and they meet all through the year without summer breaks — and our MBA is totally online. The result is that you can graduate with one of our AA, BA, or MBA degrees in about half the time — and at about half the cost — of a normal college degree. Where can you beat that offer?

Compare us to any other program in the Triad. We have no competition. So either apply with the Admissions Application on our website, or contact us for a personal meeting to evaluate your records, and get you started on the path to the promotions, bonuses, and other rewards you deserve.

at John Wesley College

"FIND THE LEADER IN YOU!"

AA / BA FEATURES

- > Classes meet only *one* night a week.
- > Students graduate in about *twenty* months.
- > College credit is given for *life experience*.
- > We have some of the *lowest* tuitions and fees in the Triad Area.
- > We have some of the most *experienced* professors in the Triad Area.
- > Classes are held in *seminar* format.
- > Classes are *small*, friendly, and learn together.
- > Professors give personal *help and advice*.
- > Courses are taken in sequence, *one* at a time, instead of 3 or 4 at once.
- > All courses are duplicated *online*, and degrees can be earned in any *combination* of classroom and online work.

Now ... where among Triad colleges can you beat this package of features? You can't. So enroll now with the Admissions Application on our website — or contact us for a personal discussion of how you can advance your career.

Picture Yourself Here a Few Months From Today!

OUR DEGREES

ASSOCIATE'S DEGREE IN LEADERSHIP

This degree is for people with little or no college experience, and who want a "Fast-Track" business foundation. This degree precedes — and lays a foundation for — our Bachelor's Degree in Management. "Leadership" is a sub-discipline in the field of management, so this degree provides the knowledge and skills necessary to enter the full management program ... or to gain the promotions and rewards that a degree in *Leadership* offers.

BACHELOR'S DEGREE IN BUSINESS ADMINISTRATION & MANAGEMENT

This degree is for people who have a two-year degree — or who've earned college credits in the military or another college — and who want a fast, affordable, and convenient way to finish what they started by the "degree completion" method. In academic circles, our "Fast-Track" degrees are known as "accelerated" because they give students a way to earn a rewarding management degree in about half the time (and at about half the cost) of an ordinary college degree.

MASTER OF BUSINESS ADMINISTRATION DEGREE IN ORGANIZATIONAL LEADERSHIP

This is an online degree for people who have a four-year degree, but for promotion and bonus purposes, want the fastest and most cost-effective MBA in the Triad. Graduates of this degree only take *eight* courses, and finish in *twelve* months. The degree can be earned totally online while students travel or do other work — but there is optional on-campus support for those who want it. Three different majors are available to fit any career need, and financial payment plans and other assistance are available.

A PERSONAL MESSAGE FROM THE DEAN

J. Owen Allen, Ph.D.

Whether you want an associate degree in *Leadership*, or to finish a bachelor's degree in *Business Administration & Management* by the degree completion method, or to earn a Master of Business Administration Degree in *Organizational Leadership* — you need to know five facts about college degrees:

1. People with degrees earn almost twice what people without degrees earn.
2. The demand for management degrees is growing at about twice the rate of many other degrees.
3. The quickest, most cost-effective management degrees in the Triad are available only from us. You can earn a degree from us in about half the normal time, and about half the normal cost, because our fees are some of the lowest — and our schedule one the fastest — in the Triad Area.
4. But the next point is the most important one of all: *We're corporate veterans*. We've spent years at every level of business and management. So we don't teach ivory tower ideas over tea and cookies. We teach exactly how to delegate, manage time, reduce stress, and get promoted. For more information, contact us at:
